THE BOARD OF REGENTS

THE BOARD OF REGENTS is composed of six members appointed by the Governor of Missouri, with the State Superintendent of Schools an ex-officio member. Two members are appointed every two years, with ratification by the State Senate, each serving a term of six years.

The following constitute the Board for this year and due to their sympathetic cooperation with President Ellis and the Faculty, the College is making great progress.

W. G. RATHBONE, Springfield	- - - - -	<i>President of Board</i>
W. S. CANDLER, Mountain Grove	- - - - -	<i>Vice-President</i>
W. I. BAKER, Springfield	- - - - -	<i>Secretary and Auditor</i>

A MESSAGE FROM THE PRESIDENT

EDUCATION AS AN AMERICAN IDEAL

THE FOUNDERS of our National Government were men of great parts, a race of intellectual giants reared in the favor of Providence to meet the unparalleled needs of their day. The eloquent declarations of Washington, of Jefferson, of Madison and their colleagues were no idle phrases culled from the pages of rhetoric. They were burning sentiments forged in fervid heat upon the anvils of their own souls. The framers of our constitution recognized the ideal of free and universal public education as the very corner stone of our political and social order. Our free public schools are the power houses of American civilization.

Probably the most fundamental principle of democracy is the ideal of equal opportunity to all. In this respect our public schools fall far short of the great American ideal. The child does not choose his place of birth yet his destiny, in so far as his chance of securing an education is concerned, may, in large measure, be determined by the locality in which he is born. It may be but a river, a highway, or even the surveyor's imaginary line which marks the division between vastly differing levels of educational opportunity. The educational interests of the state are broader than the boundaries of distinct lines or even county lines. Let not the wealthy and complacent community draw the cloak of self-righteousness about it and protest any responsibility for educational opportunity in less fortunate localities. Mere possession of a superiority complex did not protect proud Rome from the onslaught of her less cultured neighbors. In the seats of justice and in the halls of legislation this state will be at the mercy of the democracy of tomorrow. It rests with us to determine whether our posterity shall be governed in wisdom and justice or whether the destiny of the state shall be that of ignorance and violence.

Roy Ellis

ROY ELLIS, A.B., A.M.

N. BERTHA WELLS
Dean of Women
A.B. (Drury College)

IF PEOPLE OF RARE ABILITY and understanding are a blessing to an institution, then S. T. C. is thrice blest in having as its Dean of Women, Miss N. Bertha Wells.

Not only does Miss Wells have understanding and ability, but she also has a strong and undying belief in the possibilities and the judgment of youth. She is greatly responsible for that democratic atmosphere which prevails in this school.

The upper classmen sincerely hope that new students coming into this school will soon come to the realization that our Dean of Women stands ready to help them with all their problems.

THE FACULTY COUNCIL

THE FACULTY COUNCIL of the State Teachers College has handled many problems of the College during the past ten years. The President of the College is the Chairman of the Council. The members of the Council are the Dean of Women and the eleven heads of departments. The organization of the Council was necessitated by the increasing size of the Faculty, which now numbers more than seventy members. Detailed consideration of innumerable school policies is practicable only in a relatively small group. Since every member of the Council is in close touch with various instructors, the Council is representative of diverse needs and opinions. In some cases the President requests the Council to formulate a recommendation for general Faculty action.

Possibly there may be some interest in the type of problems that the President presents for discussion or action by the Council. Some questions recently considered have been the arrangement of commencement activities, optional versus compulsory assembly attendance, plans for association and co-operation with the Faculties of the other State Teachers Colleges, methods of raising scholastic standards, and countless minor matters connected with special emergencies.

The Council is not quite, but is very nearly, identical with the Course of Study Committee. The head of the Education Department is Chairman of the Course of Study Committee and the Committee includes two additional representatives from the Education Department.

STUDENT GOVERNMENT

STUDENT GOVERNMENT in Southwest Missouri State Teachers College functions through a student council. This council is composed of a President, a Councilman elected at large from the student body, and the President of each of the four classes.

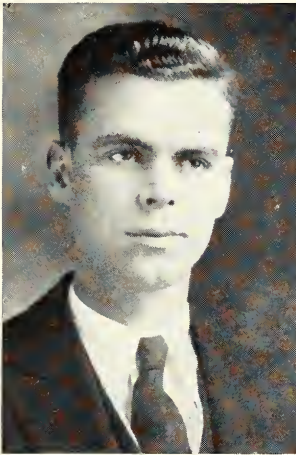

It is the duty of this Council to direct school activities in general and to sponsor programs, entertainments and special features.

Tom Welsh, the president this year, has filled the position with remarkable ability. He has been a friend to all the students, attempting to serve their needs. C. E. Burnett, councilman-at-large, has also stood for progress and service. Howard Potter, Leo Spradling, E. Wayne Shannon and Efton Thomas, each a class president in his respective order, has shown a splendid spirit of co-operation and has represented his class in a stately manner.

IN MEMORIAM

HELEN BEEBE

BORN FEBRUARY 1, 1907
DIED JANUARY 27, 1930

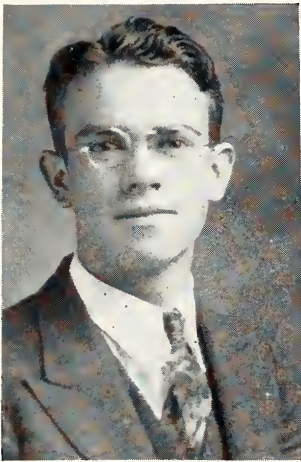

*Her influence for good has been deeply
impressed on the lives of her friends.*

TEARS

*When I consider Life and its few years—
A wisp of fog betwixt us and the sun;
A call to battle, and the battle done
Ere the last echo dies within our ears;
A rose choked in the grass; an hour of fears;
The gusts that past a darkening shore do beat;
The burst of music down an unlistening street,
I wonder at the idleness of tears.
Ye old, old dead, and ye of yesternight,
Chieftains, and bards, and keepers of the sheep,
By every cup of sorrow that you had,
Loose me from tears, and make me see aright
How each hath back what once he stayed to weep;
Homer his sight, David his little lad!*

GREENWOOD TRAINING SCHOOL

THE TRAINING SCHOOL is in reality the nucleus around which the College revolves. Teachers College is primarily a school for the training of teachers. It is for this reason that we have seen fit to devote this space in the College Annual to this phase of our institution.

Any student receiving a certificate to teach or a B.S. degree in Education must at some time spend two terms in teaching under supervision in this Training School. Students who have done their practice teaching this year or a few years previous to this time will find this section interesting. In some instances it is a picture of the student teacher's first class.

You will note a picture of each of the thirteen classes ranging from the kindergarten to the twelfth grade high school class. It is a complete glimpse of the faces in Greenwood.

LITERARY ACTIVITIES

OUR SCHOOL IS OUTSTANDING for its success in Literary Activities; the record won by the Bears in this field is an enviable one. This success is due in a large measure to the untiring efforts of the instructors in our English Department. We have in Doctor Virginia Craig, Miss Mary Davis, Miss Mary Woods and Miss Elda Robins teachers who have given unstintingly in time and effort to training those people who have been chosen to represent us in the various fields of Literary Activity. We wish these instructors to know that we appreciate them and their work. As for those students who have so worthily represented us in forensic contests, they have given a clear manifestation of real school spirit.

This section of our annual is a witness to the activity of our school in fields of literary endeavor. The championship debating team of last year, which won the state contest, is featured. In Warren Cook, Paul Roper, Elmer Smart and L. O. Sanderson, Springfield had debaters of unusual ability, who brought honor and distinction to our Alma Mater. Nina T. Ditmars, Roy Wert, L. O. Sanderson, and E. Wayne Shannon will carry on our success in debating this year. We have two other capable Bears in Dean Fitzgerald and Horace Dudley, winners in the national essay contest sponsored by The American Chemical Society. Mr. Sanderson is representing the college in extempore speaking this year; since the book goes to press too early to record his achievement, we can only predict that he will be successful in carrying on the record which our school has established by representing Missouri for three years. John A. Morris, our orator last year, again won the right to be our school orator by defeating Wayne Shannon, winner of the inter-class oratorical contest. The OZARKO and the STANDARD, as the school's two literary publications, also have their place in this section. Both have proved effective organs of expression; each has given loyal support to school representatives in every field.

OZARKO STAFF

THE STAFF OF THE 1930 OZARKO has worked to the end that this book may be a true record of the faces, events, and school spirit for this year. We sincerely hope that in years to come it will remind you of the many pleasant days spent in college. We have enjoyed making it and present it to you in the hope that it meets with your approval.

First Place

JOHN A. MORRIS

"The Menace of War"

MR. SANDERSON is a senior and a member of the inter-collegiate debating team this year as well as last year. His own ability together with his experience made him a most able representative in extempore speaking. Mr. Morris won state honors in oratory last year and has again proved his worth by winning first place this year. Both speakers deserve very high commendation for their excellent work.

As representatives of Missouri, Mr. Sanderson and Mr. Morris will go to the inter-state contest at Northern Illinois State Teachers College in DeKalb April 25. We are looking forward to the added honors these speakers will bring to Springfield.

SHANNON

WATSON

COMMENCEMENT SPEAKERS

THE SENIOR CLASS has two splendid representatives in Miss Pauline Watson and Mr. James Warr Shannon, Jr. Miss Watson came to Springfield from Morrisville High School. She is an English major and an excellent student. She has done outstanding work this year as a member of the Girls' Quartet and Girls' Glee Club. She is also a member of the English Club and the Music Club. We can predict a very successful teaching career for one so gifted and competent.

Mr. Shannon, a graduate of Greenwood Training School, is a history major and has done outstanding work in his school career. He is a member of the national honorary society, Pi Gamma Mu, and of the Tri C Club here. As associate editor of the Standard this year he has displayed his ability. His column, "Parry and Thrust" is a favorite one among the students.

The achievements and ability of both speakers make them especially worthy of the honor which has been accorded them.

INTER-CLASS ORATORICAL CONTEST

THE FORENSIC ACTIVITIES of the year were opened by the annual inter-class oratorical contest. The six winners in the class contests held in November met Monday evening, December 9, and the winner of that contest, E. Wayne Shannon, met the school orator of last year, John Morris, with the result that Mr. Morris was again chosen to be our representative in oratory. The work done by all the orators was most commendable.

The speakers and their subjects were:

John A. Morris: "The Menace of War."

E. Wayne Shannon: "The Approaching Tyranny."

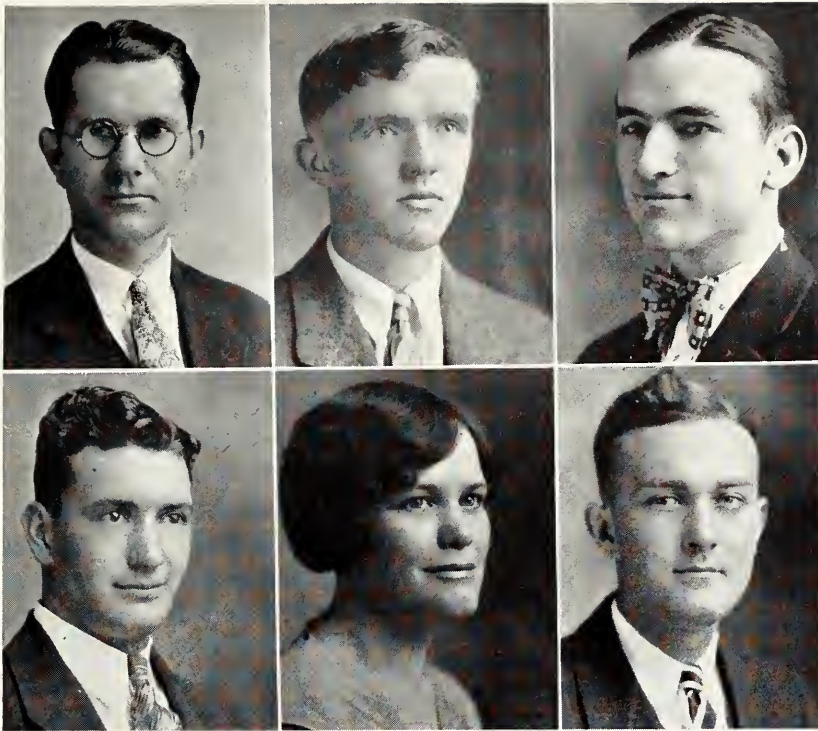

William Miller: "The American Farmer."

Rachael Wood: "The Italian Illusion."

Claude Fawcett: "The Other Sixty-five Percent."

Howard Potter: "The Walls and Beyond."

Mae Cowden: "The Tragedy of the Indian."

NATIONAL ESSAY WINNERS

THE AMERICAN CHEMICAL SOCIETY has for the past four years been conducting a prize essay contest among the students of Normal Schools and Teachers' Colleges of the United States. The purpose of this contest is to encourage students who are in training to be teachers to acquire a greater familiarity with the science of chemistry.

Having confidence in the ability of his students to compete in such a contest, Prof. R. W. Martin of the Chemistry Department inaugurated a course in Applied Chemistry to assist them in securing material for such an essay. Each member of the class prepared and submitted an essay, two of which were awarded prizes in the contest for 1929.

Dean Fitzgerald was awarded a second place and a cash prize of three hundred dollars. The subject of his essay was "The Relation of Chemistry to the Home."

Horace Dudley chose as his subject "The Relation of Chemistry to National Defense" and was awarded a third place and a cash prize of two hundred dollars.

These essays have been published in "The Chemistry Leaflet," a periodical for chemistry students.

CAST OF CHARACTERS

Henry Simmons	Clarence Burnett
Harriet Simmons	Betty Bean
Ethel Simmons	Maurine Leeper
Sadie Bloom	Rozelle Thomas
Chester Binney	Howard Potter
Letty Lythe	Vivien Waddle
Donald Swift	Ben Kloeppel

The play centers around complications that arise when Chester Binney endeavors to make his fiancée jealous. The cleverness of Mr. Simmons and the unimaginative qualities of Chester furnish a great deal of amusement. The play is filled with humor, and was very entertaining.

The play was directed by Miss Sadie Woods.

Myrtle Davis, a perpetual reformer, is loved by Rex Van Zile, who is heir to a fortune. Myrtle sees no need for reforming Rex, so is not interested in him. Three of his friends plan to make Myrtle think Rex is in serious trouble. Polly, one of the three, plays the part of a French Adventuress. The complications that follow are very humorous. The entire play is full of action and fun.

Miss Juliett Wakenhut directed the play.

THE MEN'S GLEE CLUB has done splendid work this year. These young men gave an unusually entertaining and well balanced program. The first part consisted of groups of ensemble numbers and several vocal and instrumental solos. The latter part of the program was given in the form of a very clever negro minstrel.

This program was given in several towns of southwest Missouri. Their purpose is to create and to stimulate a greater interest in music in the smaller schools of this section of the state. The club has given the school a great deal of favorable publicity.

DEPARTMENT OF PHYSICAL EDUCATION

THE DEPARTMENT OF PHYSICAL EDUCATION has jurisdiction over all athletic, aquatic and gymnastic activities of both men and women students. Its principal aim is to promote the physical development of the students by contributing to their health, organic vigor and good physical habits.

The College conforms both in letter and in spirit to the Physical Education requirements of the State Department of Education. Carefully graded gymnasium classes present all types of exercises.

The College is a member of the Missouri Inter-Collegiate Athletic Association and maintains representative teams in all inter-collegiate sports: football, tennis, basketball and track and field events.

The High School Basketball Tournament is held early in the month of March, and in the latter part of April the High School Athletic Carnival.

In December, "Joyland," the Greenwood Christmas Play Festival, is presented, and in May, "Wonderland," the May Festival representing both the training school and the college, is presented. These two festivals are annual

demonstrations given under the supervision of the Physical Education Department.

During the latter part of the Spring Term a tennis tournament is held and is open to all college students.

During the past year the Physical Education Department has been greatly improved by the addition of a number of new courses.

In the department for women there are now offered courses in interpretive dancing. The classes are under the direction of Miss Mildred Everts, a new instructor this year.

A. W. BRIGGS

BRIGGS

MCDONALD

In the regular required courses, archery has been added.

Under the direction of Miss Humrichouser, Miss Everts and Miss Pyle, the inter-class tournaments in hockey, soccer, volley ball and baseball for girls are held.

Another course of interest that has been added for the girls in the College is a course known as "Girl Scout Leadership and Camping."

A more advanced course combining instruction in fencing and clog dancing was offered for the first time this year. The class is especially for those students who are majoring in Physical Education, and is open to both men and women.

In the three higher required courses, Numbers 4, 5 and 6, instruction is given in hygiene. The course not only prepares the student for physical education work but also in the problems of hygiene.

In the Physical Education Department for men, in addition to the regular gymnasium classes, courses in theory and practice in basketball, track and field events and football are offered.

The swimming pool offers much real enjoyment to the students. It is one of the finest indoor swimming pools in the southwest part of the State.

The pool is open during the fall, spring and summer terms. Instruction in swimming, diving, life saving and resuscitation methods is open to all students. Many students have already passed the Junior and Senior National Red Cross life saving tests.

COLLINS
Track

Every one is looking forward to the completion of the new athletic field and stadium. The new football field has been carefully planned and construction work is well under way. When completed, it will be one of the best playing fields in the State of Missouri as well as beautiful in appearance.

The top layer of dirt being placed on the field is the best dirt that can be secured, it is mixed with fifteen per cent sand and sifted so that there will be no rocks or sticks on the surface to cause injuries to the players. With the planting of blue grass and clover, the field will resemble a vast smooth green velvet curtain.

In September, the opening of the football season, the field will be ready, and in addition equipped with approximately thirty-four huge lamps mounted on poles sixty feet above the playing field.

During the season of 1930 all home games are to be played at night and it is anticipated that a great number of people from all parts of Missouri and especially from the surrounding territory will attend the games.

The field will have a quarter-mile track with a one hundred-yard straight-away on the west side. The straightaway will have eight lanes. This will simplify matters when having track meets like the Annual High School Track and Field meet when hundreds of high school athletes take part.

Under the entire field and track an extensive drainage system has been installed and is so perfected that it is estimated that within an hour after a hard rain, the field will be comparatively dry.

Present plans call for the construction of a new Field house at the south end of the old athletic field directly facing the stadium.

With the increasing enrollment in the Teachers College we are all looking forward to the completion of the present plans for the Stadium and the Health and Recreation building.

BRUIN BOOSTERS

The Bruin Boosters, the girls' pep squad, has done its part throughout the year in supporting the various athletic activities. Their stunts, performed between the halves of the games, did a great deal toward arousing the enthusiasm of the crowd.

REVIEW OF THE FOOTBALL SEASON

McKENDREE COLLEGE vs. BEARS

SEPTEMBER 27 marked the first victory of the Bears' 1929 football season, the Bears winning over McKendree College 22-6.

In the first half McKendree kicked off and there ensued many exciting moments. During the first few minutes of play McKendree got a break by blocking one of Springfield's punts, and somehow coaxed the ball over the goal line and fell on it for a touchdown. However, the Bears were undaunted and before the quarter was over they had steadily driven the ball down the field and across the goal for a touchdown, making the score 6-6.

Not being satisfied with this score, the Bears made another touchdown and one

safety. McKendree seemed to have suffered a slight streak of bad luck behind the goal line, as the Bears did in the first quarter, but fortunately for them a man had the ball and would only let two more points be added to the score.

In spite of the fact that the day was hot, both teams played good football up until the last minute. In the second half Springfield scored seven points more and gained considerable yardage. McKendree opened up an aerial attack that might have gained much ground had not the ends for the Bears been ever alert.

ST. BENEDICT COLLEGE vs. BEARS

feated the St. Benedict team of Atchison, Kansas, 7-6. The game started off with the Bears kicking to them. The first quarter consisted of line plays and a few running passes by the Atchison eleven. The Bears' offense was slow to get started. About two minutes before the half ended, the Ravens completed a pass and ran for a touchdown. They attempted a place kick for the extra point but failed. In the second half the Bears started on an offensive drive that placed the ball on the one-yard line as the quarter ended. On the first play of the fourth quarter Tindall went over for a touchdown. He successfully kicked the goal for the extra point. With the exception of a few times the Bears were playing in the Ravens' territory the majority of the time. In the last

minute of the game the St. Benedictines were fighting for another touchdown by trying several passes but the game ended before they could get started.

Tindall played an outstanding game for the Bears.

CAPE GIRARDEAU vs. BEARS

On October 11, the Bears defeated Cape Girardeau 6-0 for a third successive victory. In spite of the mud and rain, the game was one of the most exciting that we had the pleasure to witness.

MARYVILLE vs. BEARS

October 18 marked the Bears' first setback with a defeat to Maryville 7-0. After the Bears whipped the Bearcats the

first half by making 100 yards from scrimmage and holding them to only six yards, but failing to score when the opportunity offered itself, the Maryville team staged one drive which ended in a touch-down for them. In the first half the Bears put on an offensive drive which carried the ball within three yards of the Maryville goal line, with four downs to make the distance. At this stage of the game the Bears received a 15-yard penalty for illegal use of hands. This was a severe blow but the Bears plodded on and were only two yards from the goal line when they lost the ball on downs. The second half was similar in that we carried the offensive drive. On the kickoff we carried the ball from our 20-yard line to

their 10-yard line, only to lose the ball on downs. The entire team worked splendidly, both offensively and defensively. On several occasions only one Maryville tackler stood between our men and the goal, but in each case he was successful in bringing him down.

ARKANSAS COLLEGE vs. BEARS

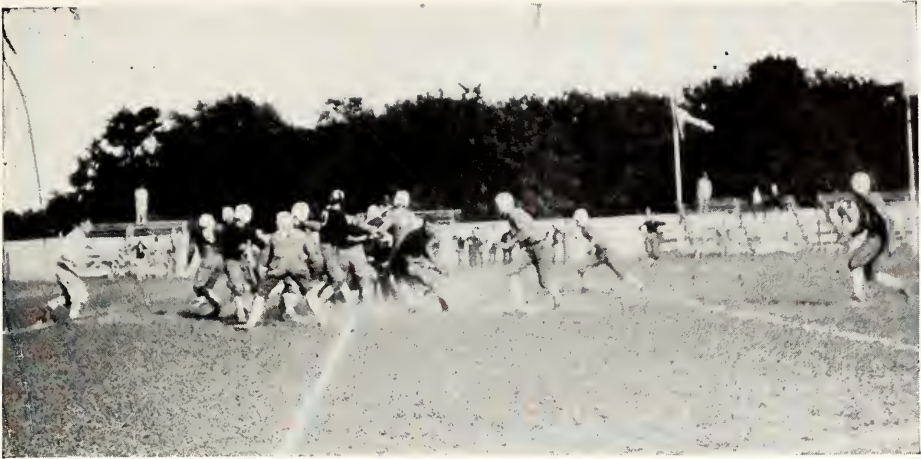

On October 25 the Bears were again successful, winning over Arkansas College 32-6. The first few minutes of the game revealed both teams playing fair football but not the kind either was capable of. Soon, for some cause or other, the Razorbacks blocked a punt and raced for a touchdown. After this the Bears opened an attack that nipped the Arkansas line into bits. Nor was this pace stopped until the end of the game. After relentless plunges and passing, Springfield crossed the goal line and added the extra point, making the score 7-6. During the remainder of the game the Bears crossed the goal line four more times and made one extra point. Fast and strategic playing was displayed by both teams, particularly the home team. Springfield gained decidedly more ground and made more first downs.

KIRKSVILLE vs. BEARS

In their sixth game, the Bears battled with Kirksville to a scoreless tie. Although big gains were made by the Bulldogs' passes, they were held for downs six times while Springfield was held for downs only twice. At the end of the second quarter John Tindall caught "Ludy" Stark's pass and was tackled on

their 18-yard line. This was the nearest to the goal line that the Bears were able to get. The Bears were outplayed throughout the whole game, but their fighting spirit would not let them be downed.

STERLING COLLEGE vs. BEARS

Although the Bears played a fine game, they were defeated by the Sterling College team 21-0. Sterling had a strong team, but gain through the Springfield line was not made consistently.

WARRENSBURG vs. BEARS

Playing an aggressive game, the Bears defeated the Warrensburg Mules 6-0. The game was scoreless until early in the fourth quarter when Stark returned a punt for 55 yards. Stark was well fortified from Warrensburg tacklers by the splendid interference given by his teammates. Eales' and Stark's offensive drive netted the Bears considerable yardage, making for us twelve first downs. Baur and Kilburn played an outstanding game at their respective ends.

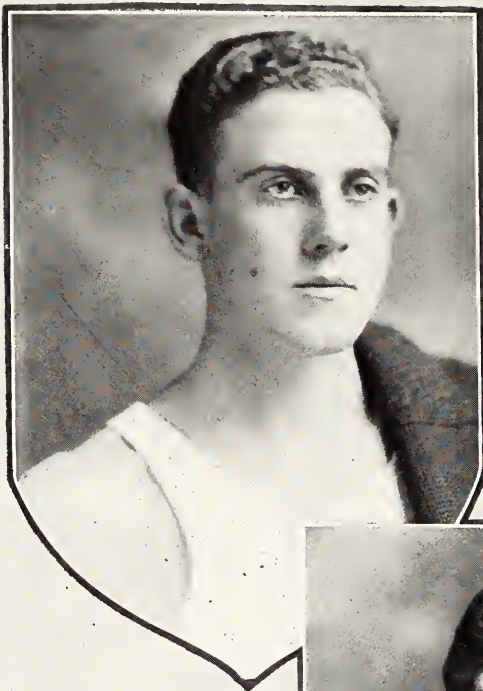

PITTSBURG vs. BEARS

November 21, the Bears finished their 1929 season with a victory over the Gorillas from Kansas 14-10. In the first half both teams played hard but neither team had the decided advantage.

In the third quarter Pittsburg managed to push the ball within kicking distance of the goal posts and got off a nice kick for three points.

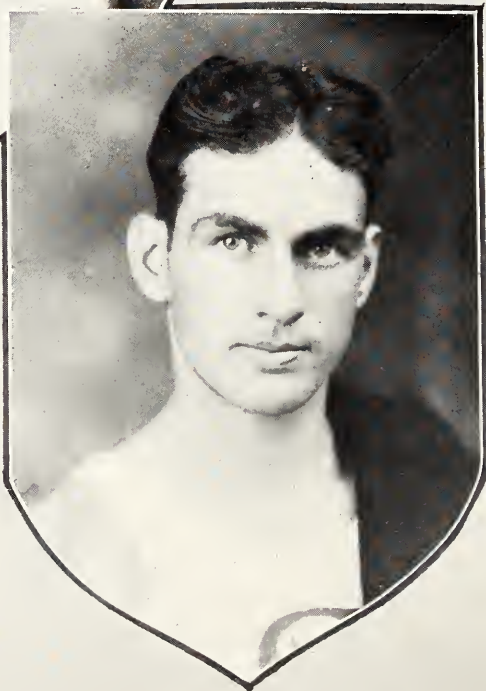

Undaunted by this temporary misfortune, the Bears came back in the fourth quarter with a touchdown. The first touchdown was succeeded in a few minutes by another. It was then that the Gorillas, after several successful passes, scored a touchdown.

BASKETBALL

THE BEARS INAUGURATED the 1930 basketball season on the home court by defeating the Arkansas quintet 40-21. Throughout the game Coach McDonald's men exhibited far superior basketball than the Arkansas cagers. Kilburn, playing at forward with Stark, was high point man with six field goals and two free throws.

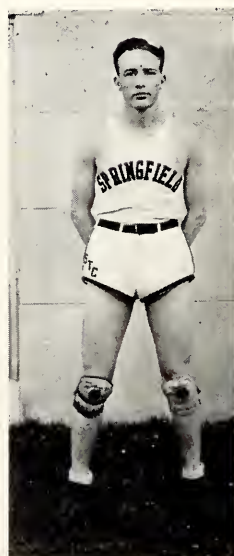

The Bear cagers defeated the Shurtleff Pioneers in the second home game of the season. At the half the Springfield team was on the long end of a 22-15 score. The Alton, Illinois, five started the second half with three field goals and cut the Bears' lead to one point. Accurate free throws on the part of Nelson gave Shurtleff the lead.

The remainder of the game was close and at the final whistle the score was tied at 36 all. In a five-minute extra period, Fiessel threw the Pioneers in the lead. Stark counted three out of four free throws to place the Bears ahead. Kilburn's field goal cinched the game for Springfield, and the game ended 41-38.

The two games played with the Warrensburg Mules on the home court were

two of the most thrilling games of the season. In the first game the Mules took the lead early in the first few minutes of play. The Bears fought gallantly and a number of times it looked as if they would come up with Warrensburg, but always the Mules forged ahead. The final score was Warrensburg 45, Springfield 32.

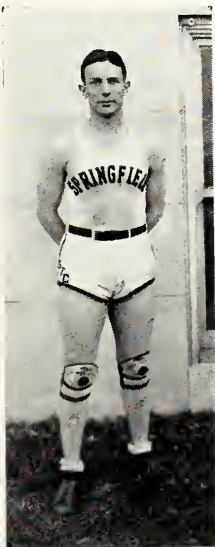

In the second game both teams played close, neither was able to score easily. As in the first game, the Bears were unable to down the smooth working machine of the Mules.

In the next game, Coach McDonald presented a much scrappier team which easily subdued the Rolla Miners. The Bears, undaunted by their past three defeats, put up a fight which put the Rolla quintet on the small end of the 54-27 score.

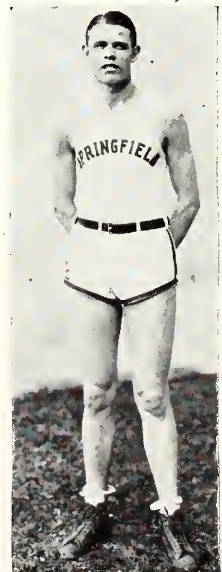

Following the game with Rolla, the Bears played four games on foreign territory. They dropped two games to the Kirksville Bulldogs. The first game they lost 35-29, but not before the Bears had put up a hard fight. In the second game the Bears lost 44-28.

Leaving Kirksville, the Bears invaded the Cape Girardeau Indians to divide a two-game series. The result of the first game was 43-33 victory. Nickle scored 13 points and Stark 14 points.

On the second night of the Cape series the Indians came back strong, and at the expense of the Bears won a 35-30 victory.

After a short rest at home the Bears journeyed to Rolla and emerged with a 54-32 victory. The Bears took the lead and held it throughout the game.

Probably the biggest scare of the season was given Maryville by the Bears in the first game played on the Bearcat court, when the score was at 26 all with only a few minutes to play. At this stage of the game Maryville made three free tosses to bring their score to 29, while the Bears only made one free throw out of several opportunities to bring their total to 27. The final score was 29-27. The second game ended with Maryville leading with a score of 36-20.

The Bears returned home and divided a double bill with the Kirksville Bulldogs. The first night the Bears regained their scoring stride and piled up a score of 40 to the Bulldogs' 32. Stark led the Bear scorers with 21 points. Bain played a good defensive game.

The second game the Bears lost by a score of 33-27. Coach McDonald used every combination available but was not able to stop the onrushing Bulldogs.

The most exciting game of the season was the first game of the Bearcat-Bear series played on the home court, when the Springfield team held the championship Bearcats to a 29-27 score for the second time during the season.

With grim determination the Bears came back the following night and took the lead that seemed as if it might end in a Bear victory, but here again the consistent shooting of the Bearcats gave them another victory 44-34.

After recovering from the two defeats at the hands of the Maryville team, the Bears took a game from Cape Girardeau Indians 36-28.

The Bears copped the second game from the Indians by a score of 55-28.

The Bears officially closed the 1930 basketball season by dividing a two-game series with the Warrensburg Mules at Warrensburg. The first game started with the Bears in the lead, which they maintained throughout the game. Captain Marshall led the Bears with a score of 8 points. The first game ended 31-28.

The second game was a nip and tuck affair until Petrie, Warrensburg guard, started on a scoring rampage in the last five minutes of the game which netted him four field goals; the last one was made just ten seconds before the final whistle. This last counter gave the Mules a 33-31 victory.

With the loss of two basketball stars, Carl Fox and Tom Dodd, by graduation last year, the Bears were considerably handicapped at the beginning of the 1930 season. The Bears showed improvement as the playing season advanced. They twice held the whirlwind Maryville Champions to a 29-27 score. Of this year's squad, three familiar faces will be lost by graduation, Louis (Ludy) Stark, who has played a good game at forward for the past four years; Ted Nickle, center, and Murray Marshall, Captain and guard. Stark has been one of the high point men in the M. I. A. A. Conference throughout his college career, and is considered one of the outstanding basketball men of Teachers College.

Ten members of the squad were awarded letters: Captain-elect Bain, Murray Marshall, Louis Stark, Roscoe Miner, Roscoe Lewis, Glenn Romines, Lonnie Adams, Henry Kilburn, Beach Egbert, Ted Nickle.

TRACK COACH HERBERT (SPEEDY) COLLINS opened the 1929 track season with a large squad of candidates, including a number of veterans.

To offset the absence of Harry Robertson, the sensational 100 and 220 dash man, Coach Collins found two very promising sprinters in Ed Wright, who runs the 100 and 220-yard dashes, and Charley Brown, whose specialty is the 440-yard dash, and a promising figure in the relays.

Captain C. K. Leonard, Jeff Wise and Nickle were point winners in the weight-heaving division.

Gordon Wardell, Captain-elect, a star in broad jump and low hurdles, won first place in the broad jump in the M. I. A. A. meet with a leap of 21 ft. 10 in.

The Bear coach looked to Abbott, Spradling, Wright, Eales and Morris in the 100 and 220 dashes. Wire, Brown, Abbott, Kilburn were leading figures in the 440-yard dash and in the relays.

tance runner ever produced in this section, had as running mates in the mile and two-mile, Homer Jump, Carter Farmer, Delbert Jarvis and Grant Perkins.

Ed Waller, Gordon Wardell and Charles Martin were the high and low hurdlers depended upon to add to the Bear victories.

Cecil May and Metz Cherry were the Bear representatives in the pole vault, and, with Ted Nickle, formed a trio of worthy high jumpers.

The first track meet of the season was with Pittsburg at Pittsburg, Kansas, on April 17. Pittsburg, with one of the strongest teams in years, was favored to defeat the Bears. They won the meet $105\frac{1}{2}$ - $25\frac{1}{2}$ points, with Springfield winning one first place in the dual meet.

The Gorillas took first place in every event except the mile run, won by Victor Fite. The victory makes the series eight victories and three defeats for the Kansans in the past eleven years.

determined team of fifteen Bears went to Rolla on April 30 for the sixth annual dual meet with the Miners. Rolla has never defeated the Bears in a dual meet.

The Bears, scoring a total of 81 points, defeated the Rolla Miners on their home field; Rolla scored 55 points. Springfield won nine firsts. Not a single meet record was broken. In the half-mile relay the Bears stepped the distance in 1:35.7.

On May 4, the Bears were hosts to the Arkansas Razorbacks in near freezing temperatures that saw no records broken. The final score was 80-51, favor the University of Arkansas. Victor Fite of the Bears won high point honors of the meet, scoring 15 points. Abbott won third place with 11 points.

The only unusual occurrence in the meet, other than the extremely cold wind, was the 100-yard dash. Wright of Springfield and McCloud of Arkansas finished in a dead heat, but McCloud was penalized a yard for jumping the starter's gun, giving first place to Wright.

The closing meet for the Bears was held on their home field when Springfield entertained the M. I. A. A. colleges on May 10 and 11. The five Teachers Colleges were represented by about one hundred and five athletes for the Eighteenth Annual Meet.

Warrensburg won the meet for the fourth straight year with a total of 62½ points. Springfield tied for second place with Maryville, each winning 33½ points. Kirksville and Cape Girardeau finished third and fourth.

Fite of Springfield and Wilson of Warrensburg were deadlocked for second place in high points, each boasting 15 points.

Fite bettered his own mark of 4:31:5 for the mile run set in 1928 with a new record of 4:31.

The members of the Bear track team and their capable Captain, C. K. Leonard, deserve much credit for their excellent work during the 1929 season.

TENNIS

In the latter part of the Spring Term, a tennis tournament was held which was open to all students of the College.

The results of the 1929 Tennis Tournament was as follows:

<i>Men Singles:</i>	Ludy Stark
<i>Men Doubles:</i>	Ludy Stark, Murray Marshall
<i>Girl Singles:</i>	Natalie Briggs
<i>Girl Doubles:</i>	Natalie Briggs, Margaret Bradshaw
<i>Mixed Doubles:</i>	Natalie Briggs, Ludy Stark

In the M. I. A. A. Tennis Tournament in Springfield, May 10 and 11, Kirksville Teachers College swept to victory in both the singles and doubles events.

Bigsby defeating Stark in the singles division, and Bigsby and Wells battled the Springfield doubles team, Stark and Marshall, for three hours and fifteen minutes before winning the victory.

AESTHETIC DANCING

USING THE MARCHÉ SLAVE by Tchaikowski, this characterization of the Russian peasant bound by ignorance, bowed with care and overpowering burdens, was evolved. Inspiration and ideas for the dance are drawn from music, painting, sculpture, history, psychology, literature, religion and philosophy.

The dance, in relation to music, is based on free and natural movements and the laws of bodily motion, with the purpose of developing greater freedom and a better poise and control. By making ourselves free instruments of expression rhythmically unified, we are enabled to express in bodily movement the ideas and emotions which come from within.

By starting with the elemental steps, as the walk, run, and skip, we gain confidence and derive satisfaction in dancing, lose self-consciousness and build up new things from the old. We continue to build until we have gained something far beyond or above that which we started. Beginning with the simplest movements, we are learning to listen to music with an understanding. The growth of the individual is promoted; he is stimulated to creative thought and activity, and given a mental, physical and spiritual poise.

GREENWOOD PLAYED seven conference games. Six of these games were won and the seventh was a scoreless tie. During the season Greenwood scored 96 points while the opponents scored 14 points. The non-conference game was lost to Miller, the score being 7-0.

Taylor, Babb and Bryant were selected as all conference men. Taylor was elected co-captain with West of Lockwood, and was also chosen all conference quarterback. Babb was selected as all conference end and Bryant as all conference tackle.

Much of the credit for this splendid showing on the part of the Greenwood football team should go to Coach J. H. Collins. His sincere and untiring efforts were well rewarded.

GREENWOOD GIRLS' BASKETBALL TEAM

The Greenwood girls met the following basketball teams on their court this season: Stockton, Miller and Lockwood. These games were not conference games.

From the standpoint of sportsmanship, teamwork, cooperation and the fundamentals of good athletics, the girls feel that they were greatly benefited by these games. Miss Pyles acted as coach.

ANNUAL DADS' AND MOTHERS' DAY

ON FRIDAY, OCTOBER 11, the halls of our institution were thrown open to the mothers and dads of the student body. This day is an annual affair and is always observed during football season. A great deal of attention is given by both the students and faculty. Special stationery was supplied and pressing invitations were sent to all mothers and dads.

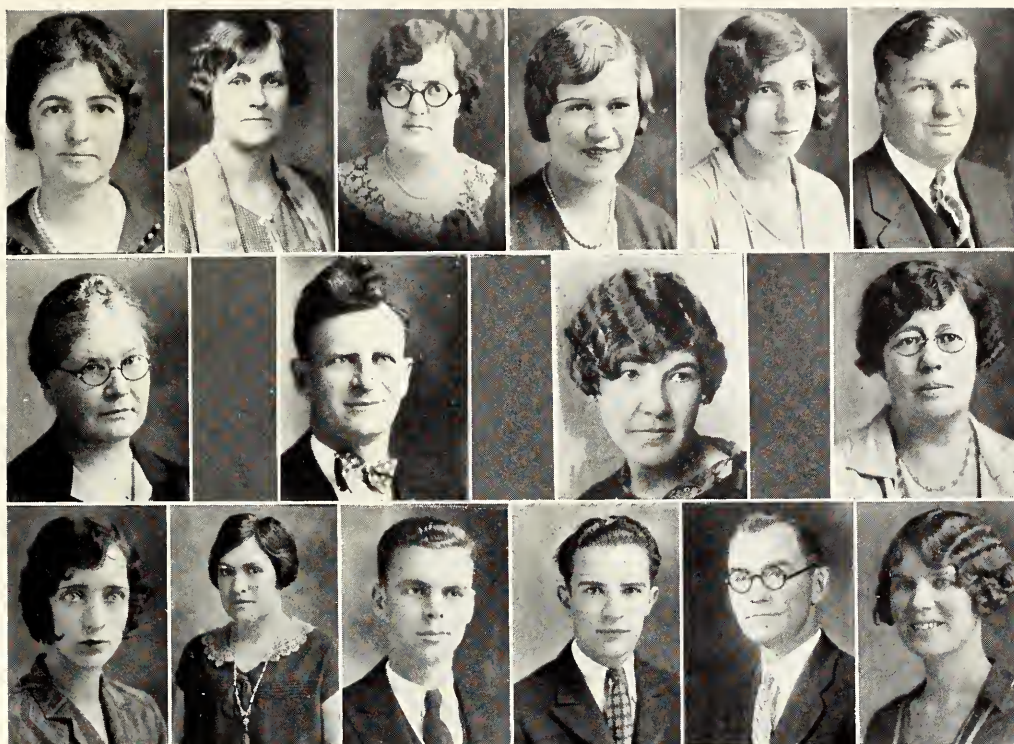

This event has been observed for six years, at which time the parents are guests of honor. Registration of the mothers and dads was held in the main corridor from 8 to 11 o'clock. During this time the buildings and classes were inspected and observed. A representative from each school organization acted as a sight-seeing guide.

A special assembly was arranged in the auditorium which included such talents as the Girls' Glee Club, Prof. Peck and Mr. Winston Lynes. Following the assembly, the parents were guests of the school at a luncheon in the school cafeteria.

The Cape Girardeau and Springfield football game at 3:30 o'clock was the high point of the day. Rain fell in torrents, but the water and mud did not dampen the spirits of either the teams or the guests. The Bears played their part in the day's entertainment by winning 6 to 0.

After the game the dads of the football players were entertained at a banquet held for them at the Maswell Ontra Tea House. Many a proud father expressed his pleasure of having a son on such a team as our 1929 Bear squad. A good day thus ended.

The Club was organized February 20, 1924. The purpose of the Club is to increase interest in Home Economics, Agriculture and rural life. It is sponsored by these three departments. One of the big events of the year is the annual poultry fry given by members of the Club. The Club has also sponsored "Farmer's Week" for the past two years, which has come to be an annual event.

SEVERAL YEARS AGO when the College was in its youth, a Pre-Medic Club was formed to foster a spirit of fellowship among students who had a common goal.

In 1925 the Science Department had grown to such an extent that the Pre-Medic students represented the majority of the science majors and the need of a club to meet this new situation was keenly felt.

As a result the Science Club was organized. The aim of this Club is to stimulate interest in science, encourage research work among the students, and to keep in touch with the accomplishments of present-day scientists through Club discussion.

Much of the credit for the success of the Club is due to the entire science faculty, which has at all times given its whole-hearted support to anything the Club has undertaken.

The English Club was organized for the purpose of affording students the opportunity to study national literature, current fiction, poetry, and the biographies of great writers. Lectures are given throughout the year by eminent speakers on various subjects pertaining to the study of English. The success of the Club during the past year may be attributed to the cooperation of its members and to the sympathetic guidance of its sponsor, Miss Mary Woods.

This has been a successful year for the Y. W. C. A. The programs have been especially interesting and effective. The social functions, including a tea for all the girls in the College and for the faculty women, and a peppy Hallowe'en party, were very successful. The organization sent two delegates, Wilma Baugh and Ruth Stanley, to the Y. M. and Y. W. Convention at Hollister last summer. There were delegates here from all the colleges and universities in Oklahoma, Texas, Louisiana, Arkansas and Missouri. The delegates derived a great deal from the convention that was beneficial to the local chapter.

THE DANCES

THE PAST SCHOOL YEAR has been one of the most outstanding years socially in the history of the school. One of the elaborate events of the fall season was the Diana Club's formal installation dance, which was held in the college gym, Saturday, November 9. The Freshmen class dance was a high spot on the social calendar and a good time was had by all.

The Sophomores gave a subscription dance featuring Buddy Thurman and his Missourians. This dance was held after the Warrensburg basketball game.

During the Christmas season, the K. D.'s held their annual formal at the Country Club, which helped to send the students home on their vacation in good spirits.

February 8, the Merry-Go-Rounds gave their annual formal. This was one of the most elaborate affairs ever held in the school. The gym was transformed into a sky of rainbows. Franz Stangle's orchestra furnished the latest dance hits of the season.

The Junior class held a St. Patrick's day dance early in March, which was an enjoyable affair.

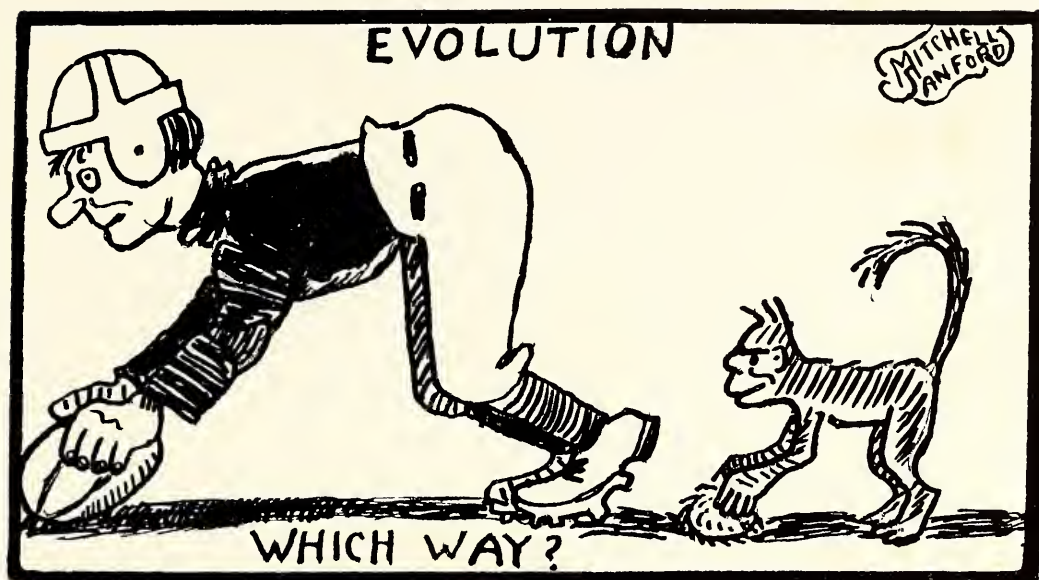

The "S" Club's annual dance was given on March 22, and was one of the outstanding affairs of the spring season. Their club crest and colors decorated the gym in a most delightful fashion.

As we go to press, the Tri C's have not had their dance. However, the boys are at work on their first spring formal, which is expected to be an added feature on the spring social calendar.

HUMOR SECTION

THIS IS THE BUREAU of our collegiate annual which is to be devoted exclusively to material provocative of mirth. In other words, this is the humor section, so smile, damn it, smile. If thy cognomen cannot be discerned in these pages, consider thyself fortunate. There is a reason—

COLLEGE SUPERLATIVES

Brainiest	Bob Haun
Sunshiniest	Harvey Davis
Silliest	Lottie Hudson
Daintiest	Dorothy Davis
Solemnest	Paul Baur

Thelma: "What is human nature, Joe, can you tell me?"

Joe McJ.: "Yes, it's people before they get into society."

This age isn't more wicked than the age of our fathers—it just fails to pull down the shades.

FRAT TATTLE

Yes, we have no fraternities—but Oh! those four social clubs and one semi-society. Some one told my best friend at Tea Cup Inn the other day that these clubs were started in the old days by students who didn't rate the Country Life Club and weren't smart enough for the English Club. Another boy said he thought the K. D.'s and the Merry-Go-Rounds rated better than the Tri C.'s and the Dianas. A member of the "S" Club told me confidentially that the Tri C.'s were a bunch of beardless youths and the K. D.'s a bunch of soaks. However, Wilmar Ansley explained that night life has nothing to do with his interesting pallor—he said he used to fool around ice cream quite a bit and that might have caused his paleness. Strange as it may seem, Erhardt said "darn" once right out loud. Jamie Shannon smoked a cigarette (believe it or not—anyway he had it in his mouth), so you see we do have excellent fraternity material in our midst.

Wiseacres have it that there is a Merry-Go-Round K. D. alliance. You know Mary Jo (who believes in the philosophy of making sure of "y" before dropping "x" and thence proceeding to "z") was a September Tri C. girl, is a January K. D. girl, and yet may be a May "S" Club girl—who knows? We don't.

"What kind of lipstick is that?

"Kissproof."

"Well, rub it off, we've got work to do."

She doesn't paint, she doesn't rouge,
She doesn't smoke, she doesn't booze,
She doesn't kiss, she doesn't pet,
She's fifty-eight and single yet.

FUNNY SONGS

The Bacon Song: "Liver Come Back to Me!"

The Goat Song: "Buttin' Up Your Overcoat!"

The Pedestrian's Song: "Miss Me!"

Modern Youth: "Follow the Swallow!"

Any Professor's Song: "Forgotten!"

'RETCH FOR THAT 'MURAD

When Koeppe asks me to tell the class all I know of tobacco.—Billy Bridwell.

When I ask a girl for a date to a dance and then don't receive a bid.—Harvey Davis.

When I'm cutting my nine o'clock class to finish the continued story running in Collier's, and Mr. Shannon steps into the reading room to do his daily watch-setting.—Wilmar Ansley.

When I stop my car on a nice, desolated country road and find I'm really out of gas.—Tommy Welsh.

DO YOU EVER READ THE NEWSPAPERS?

Darn that Florist: "The bride was attired in a gown of white wool batiste and satin, and she carried a bouquet of punk roses."

Wuff, Wuff: "Dancing and games were enjoyed by all, including hot dogs, which were served by the Poultry Club."

Fairy Bath-Tub: "One every two or three hours when suffering in half-teaspoonful of water."

Pass the Swatter: "Woman's City Club to hear Fruit Fly Talk."

By the Light of the Moon: "Mr. Alexander will give a talk on poultry stealing, a work of which he is head in the United States."

Hot Mamma: "Arthur Judd was seriously burned Saturday afternoon when he came in contact with his high voltage wife."

Can't Be Done: "The doctor told him to take a pickle just before going to bed if he could keep it on his stomach. Next day feeling worse he told the doctor it rolled off when he turned over."

IN A BAD SHAPE

THIS IS THE SHAPE OF A ONE-LEGGED SCOTCHMAN'S COFFIN

AN ALLEY CAT'S PHILOSOPHY

Eat, drink, and be hairy, fur tomorrow you may be a raccoon coat.

Mr. Freudenberger (at Library desk): "I want a book—it's for my wife—but bless me, I've forgotten the name of it. It has something to do with automobiles."

Lee Spradling: "That's all right, Mr. Freudenberger, I know just the book you want" (and reaching a book down from the shelf he handed Mr. F. "Elizabeth and Essex").

WHY IS IT?

Why is it a "college lad" struggles to always get
The gal who is rushed and necked
By all the rest of his set?

Why is it the college maiden never tries to be sweet
To a boy who isn't a cave man
Knocking her pals off their feet?

Why is it the oldest jokes with whiskers clean to their toes
Are the only jocular expressions
A college professor knows?

Why is it? (if you knew you'd be quite famous.)
One can't explain this human nature,
I guess that's why they blame us.

IF I COULD ASK THEM

"Who takes care of Mr. Teeter's daughter, when the Tri-C's are busy taking care?"

"What would happen if Beach Egbert had no one at whom to laugh?"

"Was Erhardt ever seen talking to anyone who didn't rate?" Be definite.

"Where would Speedy and Heavy be if we had no freshman girls?"

Under the spreading mistletoe
The homely co-ed stands
And stands, and stands, and stands, and stands
And stands, and stands, and stands.

Hospital Superintendent: "Shall I put you in a ward?
Mr. Delp: "No, I'm too sick to talk politics."

Great aches from little corns may grow.

LINE PLUNGE IN THE CAPE GIRARDEAU GAME

Inquiring Reporter (to student): "Who do you think has the most school spirit?"

Student: "Harvey Davis." (!!!)

Spec: "Love is purely mental action."

Mary Jo: "Don't be silly, baby, it isn't for me."

AND HOW!

Old-fashioned girls used to faint, but the modern ones just pass out.

That German scientist who claims that music spreads disease should realize that there are lots of tunes which are not catchy.

SO WONDER WE ALL

"Come, little friends," said a flapper one day,
"to the library with me and play.
There we may chatter to heart's content,
And worry the worms with a studious bent;
Some folk want to study, but what care we,
For talking is cheap and seats are free:
Let those scowl who will! We but chatter the more
While the poor grinds writhe "What's the library for?"

BELIEVE IT? WELL, DON'T THEN!

The girls call Manson Munro (MM) the Minute Man—because he meets them one minute and necks them the next.

The boys call Mary Jo (MJ) Men's Joy—because she believes in keeping them happy.

The girls call Clarence Burnett (CB) the Clutching Boob—because he throws his arms out at the curves.

"Sit down in front."

"G'wan, I don't bend that way."

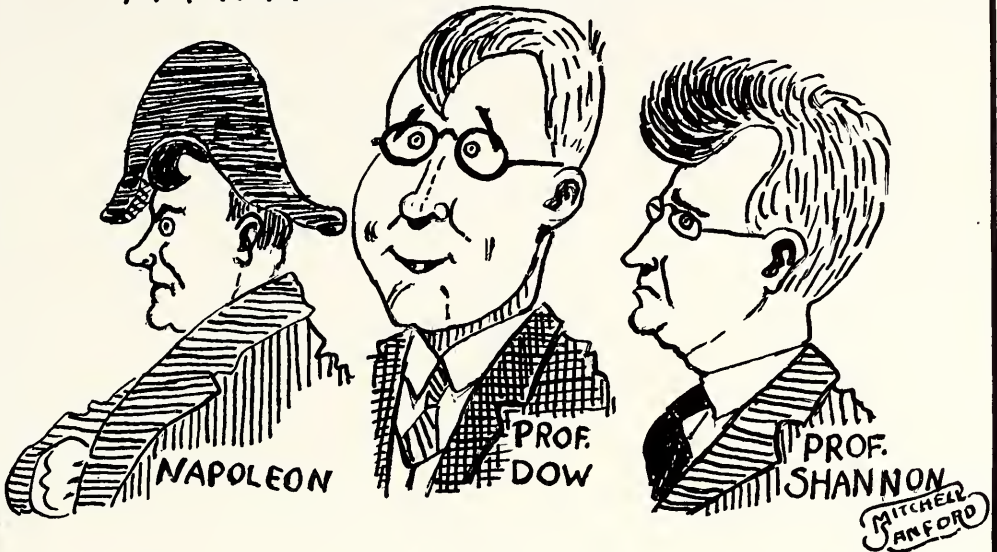

SPECIAL ITEM: Hints with results—see Jerry McQuary.

Dorthy Davis says: "Marguerite is so dumb she thinks Tri-C's are scooters."

IT WAS A SECRET—BUT IT AIN'T NO MORE

You've heard that expression "I was SO mad, honestly it just burnt the pants off me." Well, I'll let you in on a little secret. Robert Moon spilled sulphuric acid over his lower extremities and literally burned his pants off. Being modest, and ladies being present, he refused aid. That was one time that Modesty didn't pay—the extent of his injuries is not known at present.

A MARK OF GENIUS~A LOCK OF HAIR

“AND THEN MOTHER GOOSE SAID—”

1. It is not necessary to throw a dance in order to get dates. (We have observed that horses led or dragged to water very seldom return to that same water hole.)

2. A sorority house of S. T. C. (which, in other words, is a group of roomers at one of the member's homes) is quite often less of a sorority house than the Y. W. C. A. In fact, the Y. W. C. A. is a darn good sorority compared with some of the so-called sororities in this school. When will these co-eds learn that not proximity but compatibility and good, honest friendship constitute a sorority?

3. Also a jeweled pin does not give one the earmarks of a sorority woman. I suppose I shouldn't mention it, but one's conduct in public places, and with men (especially the town men) in public and private (especially private) spoils the effect of those beautiful jeweled pins.

4. When giving a Sorority tea it is not only impolite but very undiplomatic for all of the members to flock together in the kitchen and discuss their guests. Possibly some of their guests have been to Sorority teas before and really expect a gracious hospitality from the hostesses.

5. Furthermore, catting one's Sorority sisters is very risky business, especially when one (such a nice girl, too) spills those bits of gossip to the editor of the joke section.

YOU ARE SUPPOSED TO LAUGH. BUT DON'T FORCE IT. JUST LET IT COME SPONTANEOUSLY WITHOUT EFFORT. IF UNABLE TO SQUEEZE ONE FORTH, DON'T STRAIN YOURSELF. PERHAPS YOU WILL WAKE UP SOME NIGHT AND FIND YOURSELF LAUGHING. DON'T WORRY ABOUT IT TOO MUCH. SORRY I MENTIONED THE FACT. JUST WANTED YOU TO KNOW THAT IF YOU PLAN ON A LAUGH SOMEWHERE IN THIS BOOK, YOU MIGHT JUST AS WELL GET IT OVER WITH NOW. SORT OF GET IT OUT OF YOUR WAY WHILE YOU FINISH READING THE REST.

Josephine says: "Garlic is a good prevention of flu." Well, we suppose even a germ must draw a line somewhere.

For years the two sexes have raced for supremacy but at last they seem to have settled down to neck and neck.

Harvey Davis says an expert mother doesn't let her cigarette ashes get into the baby's eyes.

If a girl marries an oatmeal salesman, she'll never run out of mush.

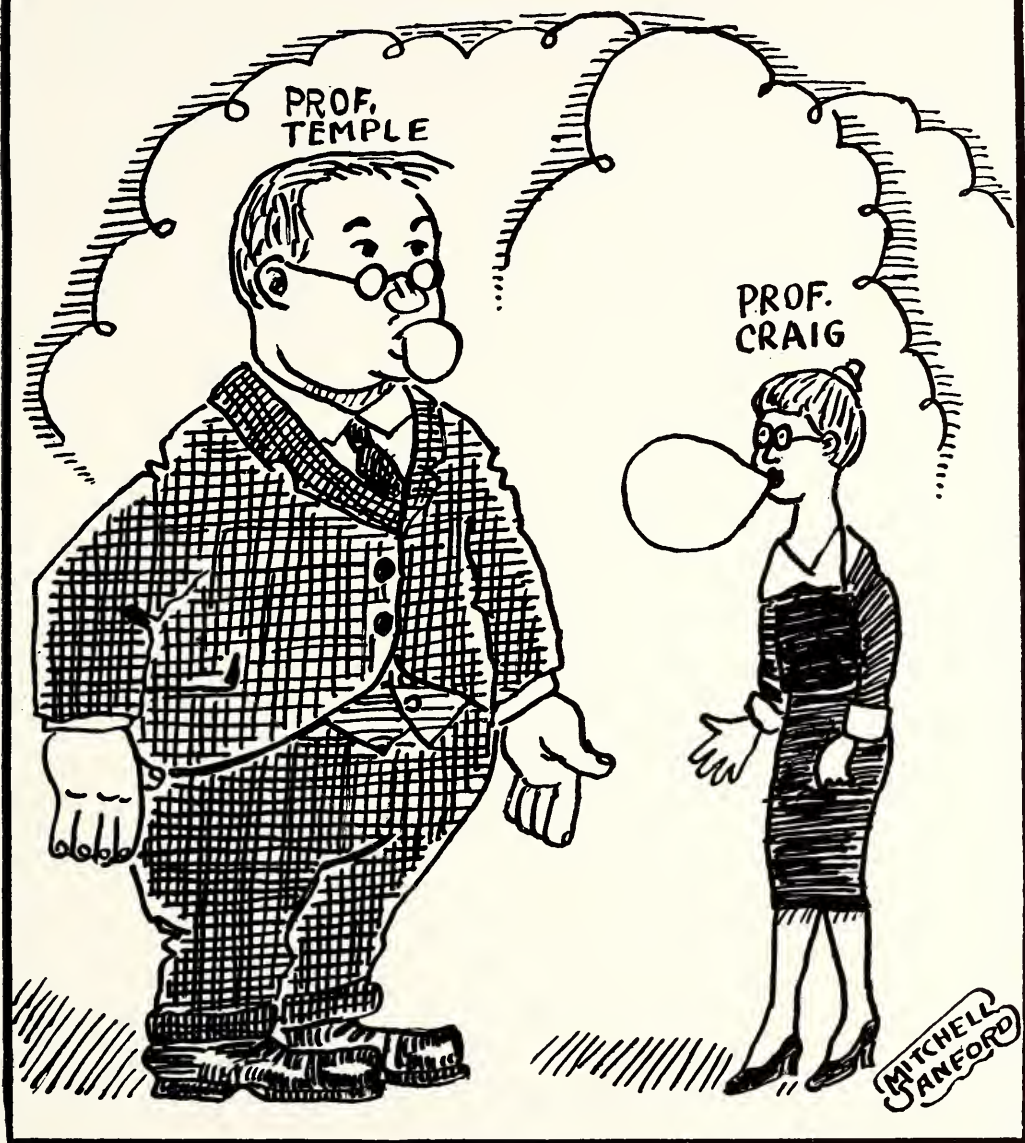

A woman's instinct is what tells her she is right whether she is or not.

"Do you know the 'Sneeze Song'?"
"Sure, 'Atchoo, Baby'!"

Mr. Shannon says, "Home is a place where you can trust the hash."

It takes a man of tact to remember a woman's birthday and at the same time to forget her age. (Mr. Dodd's contribution.)

BUBBLE GUM CONTEST

Little girl (radio fan, disturbed at her prayers by scratching on the screen door): "Please stand by, God, while I let the cat out."

WHAT PRICE SISTERLY LOVE

At a meeting of one of our local college (shall we call them sororities?) the following interesting conversation transpired:

"Girls, how does this sound?" and Freshman Mary Jo proceeded to read—"Rachel Wood, veteran of many campaigns, seems to be waging a successful war against a K. U. girl friend for the company of one Hank Kilburn, Tri-C, star forward and big man generally."

"Well, if all the sleepy looking lounge lizards were gathered together, they would seem recklessly energetic compared to Spec and Wilmar, co-guardians of your fair virtue," Rachel retorted.

"Girls, girls! Let's play bridge and stop such unladylike talk," Natalie suggested.

"Oh, H—Gee-Gee, Charlie has as strong arms as any girl could desire," snapped Jerry.

"After 'steen others you come first with Dave, eh, Jerry?" Frieda piped in.

"Opal's sort of beating your time with Cave Man Egbert, I hear, isn't she, Frieda?" Jerry shot back.

"Well, why don't you say something, Marguerite? Hasn't your Tri-C press agent been selling any radios?" sweetly inquired Alice.

"Oh, well, Erhardt is a clean kid, like Charlie and Henry and Willard, and that is the type of boy I like," quoted Marguerite (who never rates dates with town boys like Jack H. and Bud F. Alice, we are told, does).

"Me—too," squealed Gee-Gee.

"Girls, this is really one we can all appreciate," and Frieda took the floor again, "Paul Darby and Charles Martin stopped Dorothy Davis and me to ask us if we wanted a ride. The car was parked across the street and did we race? We did!"

"Well, did Dorothy win?" impatiently asked Mary Jo.

"She won—Paul Darby!" Frieda demurely answered. Every one laughed but Dorothy, who simply couldn't see the joke!

However, Alice Lindley came to bat next—and she really was fanned out!

The meeting adjourned to meet the following week for another good cat.

THINGS WHICH IRRITATE ME MOST

For Paul Darby to slip up from the side and shake my hand.

For Tommy Welsh to violently slap me on the back while inquiring after the "old pepper."

For Mr. Shannon to say "Now, just a few questions," after I have recited for thirty minutes.

For Erhardt Froning to make a speech on "School Spirit."

For Wilmar Ansley to come up with that sweet little greeting, "Hello, Baby."

For Harvey Davis to pour forth on his "Philosophy of Love."

SIMPLICITY

Book Agent to Father: "You ought to buy an encyclopedia, now that your boy is going to school."

Father: "Not on your life. Let him walk, the same as I did."

I'M JUST ASKIN' YA

Why 'tis Sorority co-eds pick the best dates for their own dance.

(As witness the Merry-Go-Rounders and Dianas in their recent choice of pants.)

We've always been taught that company should have first choice of the best,
But if politeness is a virtue, these gals weren't put to the test.

They send you an engraved invitation and ask your choice of men,

You pick out your very latest, breathe a sigh of relief and then—

Two days later you're told that fair Luella or perhaps our dear Mary Jo

Have given your crush the great honor, with them, b'gosh, to go.

So you select another he-lad, and cross your fingers so.

Then you find that Dorothy Davis has made up her mind to go.

Of course sometimes you manage before the dance comes off

To find some pimply lad at whom all of the members scoff.

But take the case of a co-ed with her own man on a string.

She has it down in black and white, or perhaps she has a ring.

Does that mean "hands off," then, to that man-thirsty gang?

No, they pair him off with Teeter and her Romance blows up with a bang.

I'm askin' ya, not that you'll tell me, or not that I want to know—

But is a Sorority Dance a Leap-Year Grab for the members? Yes or No?

Book Agent: "Yes, sir, one hour's uninterrupted reading each evening would make you—"

Mr. Gulick: "Uninterrupted! Where do you think my wife spends her evenings?"

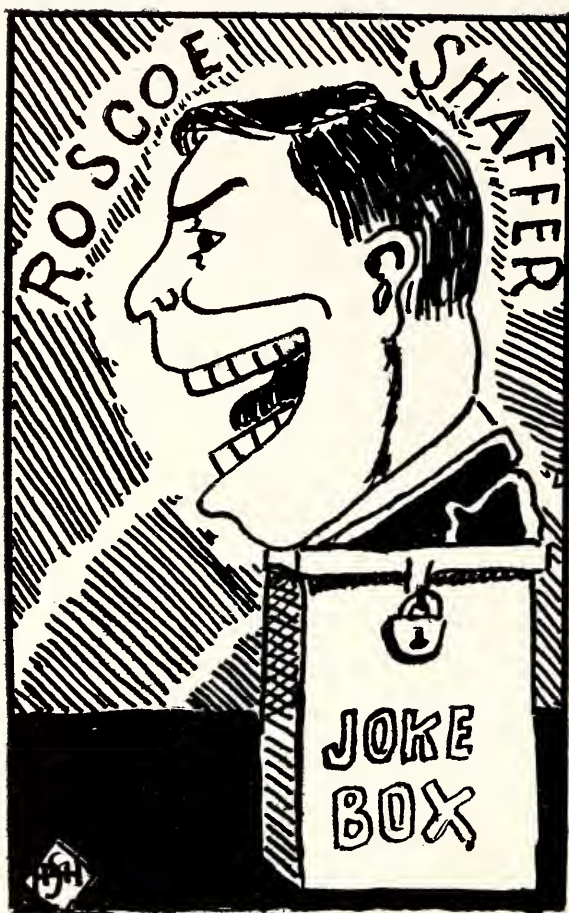

Wool shrinks because it's sheepish.

Hatter: "This is the softest felt we have."

Thelma S.: "What I want is something more tender. I lost a bet and I've got to eat my hat."

"Now I'll put the motion before the house," said the chorus girl as she danced out on the stage.

FOUND IN JOKE BOX
Claud Fawcett's picture.

The Standard (it came
once a week, regularly).

Tobacco, chewed gum,
a pair of pink garters,
paper, matches and a
dumb joke written by
Paul Darby and Dorothy
Davis.

Gladys: "And I sup-
pose your forefathers were
in the ark with Noah?"

Bill: "Not at all—my
people had a boat of their
own."

Jiggs: "Do you think
I could borrow money on
the strength of my honest
face?"

Ted: "You might, but
pull your hat well down."

"He must have been an engineering student."

"Why?"

"Look at the blue print he left on my neck!"

"Mother: "How do you account for the girl's negligee in your last wash?"

Son: "Carelessness, Mother, dear."

Ludy Stark's name.

THIS IS ALL—I'M OUT OF HUMOR—SURE, I KNOW IT! I WAS
OUT BEFORE I STARTED.
